Occam Solution's ITES-3S Ordering Guide

Occam Solutions, Inc. (Occam) is a prime contractor on the ITES-3S Contract (Restricted). ITES-3S is an Indefinite Delivery, Indefinite Quantity (IDIQ) Contract vehicle structured to provide the full range of IT services and solutions to the Federal Government. ITES-3S is managed by the Computer Hardware Enterprise Software and Solutions (CHESS) program.

On the following pages are information on the ITES-3S contract and Team Occam. We look forward to discussing and defining how federal agencies can leverage the ITES-3S for their Information Technology (IT) missions.

ITES-3S Contract

Background

According to the U.S. Army:

"...the objective of the ITES-3S contracts is to meet the Army's enterprise infrastructure and infostructure goals with a full range of innovative, world-class IT support services and solutions at a fair and reasonable price. ITES-3S is a multiple award, IDIQ contract vehicle. It is the Army's primary source of IT-related services worldwide. All DOD and other federal agencies are authorized to use the contracts to satisfy their IT requirements.

*Working in partnership with the prime contractors, CHESS manages the contracts, in coordination with the ACC-RI Contracting Center. Through the use of ITES-3S, users have a flexible means of meeting IT service needs quickly, efficiently, and cost-effectively. Orders may be placed by any contracting officer from the aforementioned agencies. There is **no fee** to place orders against the ITES-3S contract."*

ITES-3S Scope

The ITES-3S contract encompasses a full range of innovative, world-class IT support services and solutions at a reasonable price under the following Task Areas:

- Cybersecurity Services
- IT Services
- Enterprise Design, Integration, and Consolidation Services
- Network/Systems Operation and Maintenance Services
- Telecommunications/Systems Operation and Maintenance Services
- Business Process Reengineering Services
- IT Supply Chain Management Services
- IT Education and Training Services

The contract allows Firm Fixed Price (FFP), Time and Materials (T&M), and Cost Reimbursement (CR) Task Orders (TO). Contract Line Item Numbers (CLIN) cover the following services:

- IT Solution Services
- IT Subject-Matter Expert (SME)
- IT Functional Area Expert (FAE)
- Incidental Construction
- Other Direct Costs
- IT Solution Equipment
- Travel and Per Diem
- IT Solution Software
- IT Solution – Other Direct Costs (ODCs)

ITES-3S Contract Terms

CHESS has identified the following terms and provisions for ITES-3S:

Contract Terms	ITES-3S
Period of Performance	September 2018 – September 2027
Contract Maximum	\$12,100,000,000 (total requirement for the life of the contract, including options)
Pricing Structure	Firm-Fixed Price, Time and Materials, and Cost Reimbursable
Method for Acquiring Services	Performance-Based Contracting (preferred)
Fair Opportunity to be Considered	Subject to FAIR 16.505
Ordering Guidance and Process	See CHES ITES-3S Chapter 3 Ordering Guide – Ordering Guidance

Benefits of Using ITES-3S

There are many benefits to using ITES-3S, including, but not limited to the following:

- No fees
- Decentralized ordering – all Task Order Requests (TORs) are issued on the CHES IT e-mart
- Open to all DoD and U.S. Federal Government Agencies

Additional Contract Information

Copies of the ITES-3S contract can be found on the CHES IT e-mart. The IT e-mart website is <https://ches.army.mil>. Services will be acquired by issuing individual Order Tasks (OTs).

Contract types will be determined IAW the FAR and Defense Federal Acquisition Regulation Supplement (DFARS) based on the circumstances of each order.

Occam’s Skills, Knowledge, and Experience

Since 2004 Occam Solutions has provided valuable IT solutions to the Federal Government. We have an in-depth understanding of the IT requirements and needs facing government agencies.
